## Work experience

### HEALTH AND POPULATION RESEARCH GROUP

09/2018 – PRESENT

#### Researcher

- Research area: health and economic activity at older ages
- The research group is based at the Institute of Economics, Centre for Economic and Regional Studies of the Hungarian Academy of Sciences.

### TARKI SOCIAL RESEARCH INSTITUTE

06/2014 – PRESENT

#### Researcher

- Research area: applied social science research in socio-economic policy.
- Main research topics: poverty and inequality, social cohesion with a focus on the role of labor.
- Recent projects:
  - Country Team Operator of SHARE (Survey of Health, Ageing and Retirement in Europe) Hungary. SHARE is a multidisciplinary and cross-national panel database of micro data on health, socio-economic status, and social and family networks of individuals aged 50 or older. My tasks include survey translation and harmonization, sample management, interviewer training, fieldwork monitoring, data cleaning, data analysis (2015-present).
  - Author of working papers about the distribution of work, household work intensity and social cohesion in Hungary before and after the crisis, based on TARKI Household Monitor data (2016-2017).
  - Co-author of a working paper about employment and poverty in the EU in the international project of Poverty Reduction in Europe: Social Policy and Innovation (ImPRovE) (2014-2015).

### GUEST LECTURER AS A CERGE-EI TEACHING FELLOW

09/2016 – 07/2017

- Teaching the course: titled 'Principles of Economics I and II (BA)' at Eötvös Loránd University, (ELTE) Budapest, Faculty of Social Sciences funded by CERGE-EI (Center for Economic Research and Graduate Education - Economics Institute)
- Teaching assistant of the course Social Policy and Program Evaluation (MA in Economics, ELTE)

### RESEARCH ASSISTANT OF JANOS KORNAI

01/2013 – 09/2016

- My tasks included data collection, analysis and research about innovation and capitalism, examples of soft budget constraints in Hungary, varieties of capitalism and system paradigm.
